Updated Table of Designated State Repositories and Alternates

This [table presents a single official criminal history information repository](#) for each State and Territory. These are the repositories which must be used to perform statewide searches for National Service Criminal History Checks. For some States, the Corporation for National and Community Service has approved the use of an alternate source. If an alternate source has been designated, unless otherwise qualified, it may be used without further approval from the Corporation.

This version of the table corrects broken links. Please note that webpages are updated and moved often and CNCS does not maintain a continuous assessment of these changes. Please email CNCS at the email address below and we'll note the out of date link for our next version. In the meantime, if you encounter a broken link, please find the listed repository using a search engine of your choice. Thank you.
